WOLLENSAK "815" 2 x 2 FULLY AUTOMATIC SLIDE PROJECTOR

Completely self-contained with no accessories to attach, the Wollensak "815" assures the maximum in truly automatic, semi-automatic and manual operation. Load up to 56 slides in the magazine tray, flip the switch and join your audience. The Wollensak "815" will show your slides at their brilliant best as slow or fast as you like without your slightest attention. Accepts 35mm, bantam or new large 1½"x1½" format (obtained by cropping 120 transparencies) slides intermixed; fast Wollensak 5-inch F/3.5 Anastigmat lens and coated optical system; automatic fade in and fade out; "Iris-matic" diaphragm control with click stops for controlling viewing qualities of over-exposed slides; powerful 500 watt lamp; illuminated function dial; built-in pointer; remote control; single frame stereo slot; air-scoop cooling system; lightweight portability; new, outstanding "Futuramic" styling. Complete with self-contained two-toned case, extra condenser lens for 1½"x1½" transparencies, built-in viewing screen, cord and 7 magazine trays. $149.50

WOLLENSAK "10" STEREO CAMERA

Wooted 35mm f/2.7 Wollensak Amaton Anastigmat lenses in MFX Rapax Synchronic Shutters; matched in focal lengths; fully color corrected; click stops. Accepts standard #5 disc filters and Series VI accessories. Shutter speed markings, ½ to 1/300 sec. Synchronized controls for lens stops, shutter speeds and flash; superimposed image rangefinder; simplified exposure guide; automatic flash computer; eye-level focusing and viewing; double exposure prevention; single frame provision. $199.50

WOLLENSAK "1500" HI-FIDELITY DUAL-SPEED TAPE RECORDER

Compact and Lightweight ... with 10 Watts Push-Pull Audio Output

Here is real portability with console performance achieved by the use of miniaturized components and all-metal airplane type construction ... manufactured with the precision of a fine watch. Measuring only 6½"x10½"x11¾" and weighing a scant 18 lbs., it accepts 7 reels with playing time of three hours using long-play tape. Its 10 watts audio output is four times greater than larger, less portable recorders—with enough power to accommodate LARGE auditorium speaker systems. In addition, it includes such outstanding advantages as...“Balanced-Tone” high-fidelity...simplified keyboard control...tape speeds of 3.75 and 7.5 i.p.s...exclusive high speed rewind lever...two-level recording indicator...precision index counter and a host of other outstanding advantages. Complete with ceramic-type wide range microphone, 2 reels (one with tape) and cords. $189.50
